Dear Ian,

Product Authorisation consent for the 7mm Pea Gravel Processed Aggregate for pipe embedment systems.

APPROVAL REF No: 17/0004

I am pleased to notify your company that South East Water has approved the 7mm Pea Gravel Processed Aggregate described in the Authorisation Certificate as a pipeline embedment system.

The product range has been assessed in accordance with South East Water's Product Appraisal process, WSAA national product appraisal guidelines and relevant Australian/International Standards. The conditions of product use are specified on the following Approval certificate and included onto the Melbourne Retail Water Agencies Product web portal.

Your company shall provide sufficient printed technical instruction and advisory services to registered purchasers for appropriate handling, storage and safety use of this quarry material.

Should you have any questions relating to the Product Authorisation consent, please contact me on telephone number (03) 9552 3651.

Yours sincerely

Colin Paxman
Manager Standards and Products

File Ref: 901/101/0696 - Vol 24

CERTIFICATE OF PRODUCT AUTHORISATION

(Valid for use on Infrastructure systems within South East Water's licensed district)

Issued to Gippsland Premium Quarries Pty Ltd

SEW Authorisation No: 17/0004	Australian Standard:	AS 1141.32
	Other Standards:	
	QMS Certification Reference:	
	WSAA Product Specification No:	WSA PS-351
File Ref: 901/101/0696 Vol. 24	Product Authorisation Expiry Date:	12 January 2023

Description of Product

7mm Pea Gravel Processed aggregate for pipe embedment systems.

- To be used in accordance with pipe embedment systems set out in MRWA Technical Standards *

(*Refer to MRWA web portal for conditions)

Conditions:

- This Authorisation consent applies only to those items listed in this Certificate and the Melbourne Retail Water Agencies (MRWA) web portal for Gravity Sewerage reticulation systems.
- This Authorisation consent does not refer to the effectiveness of the product and no claim shall be made through advertising, promotion or in any other way that the above products have been authorised or tested by South East Water in other than the terms of this authorisation.
- The items described above are authorised for use in South East Water's infrastructure systems, in accordance with the design and installation practices as detailed or referenced in the WSAA National Codes, MRWA Technical Standards, South East Water technical Addendums and installation recommendations provided by the manufacturer.
- This Authorisation consent is valid for 60 months from the issue date of this certificate. Renewals of approval should be sought 3 months prior to approval expiry.
- Gippsland Premium Quarries Pty Ltd shall be responsible for assuring the quality of approved products that are supplied to the industry market. Where approved products or parts thereof are manufactured or assembled by a third party, Gippsland Premium Quarries Pty Ltd shall employ systematic procedures to verify product conformance.
- The product shall be either manufactured or supplied under a third party certified ISO 9001 Quality Assurance Management System or approved equivalent system deemed acceptable by South East Water. All products shall carry identification of the suppliers name or trademark.
- The products shall demonstrate satisfactory performance when installed on any infrastructure system in South East Water's licensed district.
- South East Water shall be notified in writing if:
 - The third party ISO 9001 certification is withdrawn, suspended or changed;
 - Any change of the certification agency occurs;
 - There are any changes of product design, materials, model numbers etc; or
 - The products are to be withdrawn from sale.
- The products may be subjected to random quality control checks for which a charge may apply. Compliance with new Standards as they are replaced will need to be demonstrated.
- South East Water reserves the right to request additional information and/or evidence of product suitability add or vary to the conditions set out above, or if necessary, modify or withdraw the approval certificate at any time.
- Neither the Publisher(s) nor any person involved in the preparation of this Certificate and product assessment criteria underlying it accept(s) any liability for any loss or damage suffered by any person however caused (including negligence or the omission by any person to do anything) relating in any way to the Certificate or the product assessment criteria underlying it. This includes (without limitation) any liability for the product authorisation or information in the Certificate or any errors or omissions.
